Audio output	5-pin screw terminal (balanced)
Power in	5VDC/1A via UK PSU (supplied)
Dimensions	87 x 87 x 68 (wallplate only)
Weight	62g

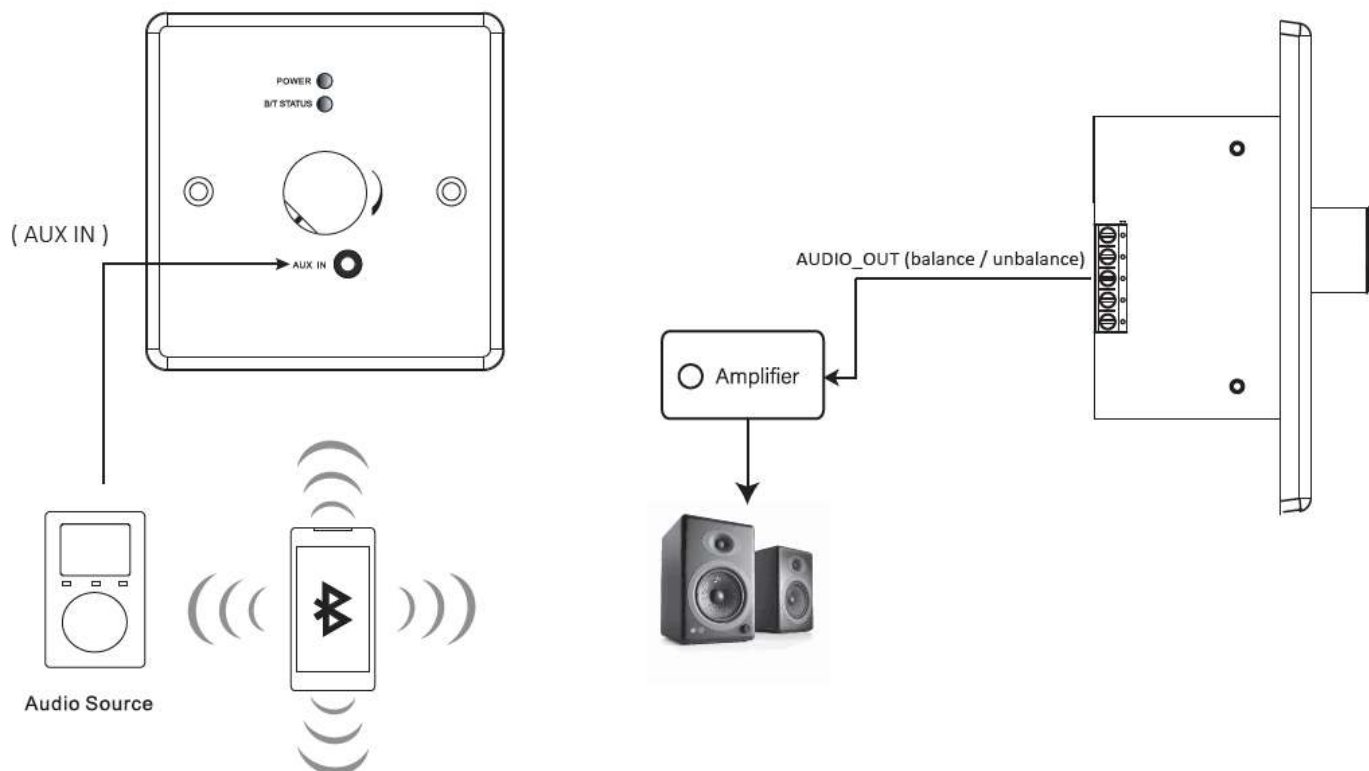

Usage instructions:

- For first time pairing to a new device, turn the power/volume knob clockwise until the BT status light on the unit flashes quickly.
- Open the Bluetooth device list on your smart device and select the pairing name "**Music BT**".
- If asked for a pairing code by your device please enter "**0000**".
- When the device is connected the BT status light on the unit flashes intermittently.
- When the unit is streaming content from a connected device the BT status light flashes twice intermittently.
- To turn the unit on and off, turn the power/volume knob clockwise and anti-clockwise until you hear a click.
- When you turn the unit on any previously connected smart devices will automatically reconnect, provided they are within the 30m transmission range and set as discoverable.
- **NOTE:** the unit can only be connected to one smart device at any time and will automatically reconnect with the closest device.

In the box:

- Bluetooth receiver wallplate
- 50mm Standard backbox
- UK Power supply
- 2pcs Fixing screws
- User guide
