

Product Name: BRITA MAXTRA+ Water Filter Cartridges (12-Pack) **EAN:** 4006387079093 **Model No.:** S1330 / 1030027 **ASIN:** B072FQV72L **Product Type:** Replacement Water Filter Cartridge **Brand:** BRITA **Country of Origin:** Germany

Product Description: The BRITA MAXTRA+ cartridge is a high-performance water filter designed to reduce chlorine, limescale, lead, copper, and other impurities from tap water. Compatible with all BRITA jugs including PerfectFit models (Aluna, Marella, Style), it improves taste and protects appliances from scale buildup. Each cartridge uses MicroFlow technology with activated carbon and ion-exchange pearls.

Technical Data: – Dimensions (H × W × D): Approx. 4.76" × 9.45" × 9.53" (pack) – Weight: Approx. 3.26 lbs (pack of 12) – Material: BPA-free plastic – Certification: CE certified – Unit Count: 12 cartridges – Color: White – Batteries Required: No

Target Use: For domestic water filtration. Suitable for use with BRITA water filter jugs. Intended to improve taste and reduce contaminants in drinking water. Not for microbiologically unsafe water or unknown sources.

Features: – Micro Carbon Pearls reduce chlorine and organic impurities – Ion Exchange Pearls absorb lead, copper, and reduce limescale – Compatible with all BRITA jugs including PerfectFit models – Each cartridge lasts approximately 4 weeks or 100 liters – 100% recyclable through BRITA's recycling program

Instructions for Use:

1. Remove cartridge from packaging
2. Rinse under cold water for 30 seconds
3. Insert into BRITA jug funnel and press until secure
4. Fill jug and discard first two fills to flush the filter
5. Begin regular use

Warnings and Precautions: – Use only with cold water – Do not use with microbiologically unsafe water – Store unused cartridges in a cool, dry place – Keep out of reach of children – Do not attempt to open or modify cartridge

Storage and Maintenance: – Clean jug components regularly with mild detergent – Do not immerse cartridge in water – Avoid exposure to heat or direct sunlight – Recycle used cartridges through BRITA's official program – Contact BRITA support for product issues or replacements
