

Wilwood DUAL Rear caliper brake kit installation

Rear dual piston, dual caliper brake kit.

Thank you for your purchase of this engineered brake kit for VW Mk1-Mk2 and Mk3 platforms.

They retain the same piston diameter / area, to ensure proper and balanced bias ration front to rear.

Included in the kit are the following:

1X RH mechanical E brake Caliper.

1X LH mechanical E brake caliper.

2X Hydro calipers.

2X Caliper brackets.

1X mounting screws.

1X E brake cable modification kit.

1X Set of pads for Hydro calipers.

1X Set of centering shims for Mechanical caliper.

2X Stainless steel hose assemblies with 90 fittings.

1X Loctite / Permatex blue.

Optional parts are rear disc stub axles LH & RH, Brake cables, and bearing kits.

If you are converting from a drum set up, your will need to change the stub axles to disc type.

The rear disc to be used with this set-up is P/N 6N0 615 601 ; use your local auto parts store to purchase

these.
