12L Portable Camping Water Jug Water Storage Carrier with Spigot Emergency Water Tank for Camping Fishing Picnic Hiking

**Feature:**

1. Superior Material and Durability: Crafted from high-quality, food-grade PE material, this water storage tank guarantees cleanliness and safety, thanks to its odor-free composition. The reinforced bucket walls ensure sturdiness and durability, providing long-lasting performance even in challenging environments.
2. Enhanced Sealing Capability: The portable camping water jug's detachable water tap can be effortlessly replaced with a sealed lid, significantly improving the container's sealing performance. This feature ensures that your water remains securely stored, eliminating any concerns about leakage or potential contamination.
3. Easy Maintenance and Efficient Water Refilling: With a spacious 10cm wide opening, the water storage carrier is easy to clean and allows for effortless water refilling. The large aperture facilitates thorough cleaning while simplifying the process of adding water, ensuring quick and hassle-free maintenance.
4. Adjustable Water Flow Control: The emergency water tank's water tap boasts a generous water output, and its user-friendly rotary knob enables seamless control over the water flow. Whether you need a gentle trickle or a steady stream, you can easily adjust the water volume according to your specific requirements.
5. Convenient Accessories: Equipped with a water tap extension tube, this water container allows for easy water flow guidance. Additionally, the side storage slot for the extension tube provides convenient storage and accessibility. The container also comes with an adjustable shoulder strap, allowing you to carry it comfortably and effortlessly, reducing strain and providing added convenience.
