14.1 In Portable FHD TFT IPS Display Monitor Type-C/HDMI C Compatible Rotatable Extender Dual Screen For Conference Office

Features:

1. **Enhanced Portability:** This 14.1-inch portable FHD TFT IPS display monitor comes with both Type-C and HDMI-compatible cables, allowing you to enjoy sharp visuals and vibrant colors wherever you go. The detachable stand ensures easy setup for business trips or daily mobility needs.
2. **Flexible Laptop Expansion:** Instantly turn your notebook into a workstation with the laptop extended screen feature. Each display works independently, providing an efficient dual-screen setup that boosts productivity by up to 50% during meetings, teaching, or multitasking scenarios.
3. **360° Rotatable Convenience:** Featuring a rotatable extender dual screen with a detachable, self-adhesive 360-degree rotating support, you can easily adjust your viewing angles. Place the screen anywhere on your desk, even after attaching it to your device, for versatile use.
4. **Plug-and-Play Second Screen:** Maximize efficiency with an external second laptop monitor that is truly plug-and-play. Mirror mode transforms your meetings or presentations, enabling your monitor to function as a projector and elevating your workflow effortlessly.
5. **Innovative Foldable Gaming Panel:** The foldable gaming monitor panel adapts flexibly for mobile modes, letting you connect your phone for computer-like functionality. Use your phone as keyboard and mouse, suit for both work and entertainment on the go.
