Model # 22RT5682235YX

ASSEMBLY INSTRUCTIONS

60IN SILHOUETTE NATIVITY SCENE

383L WIRE TUBE LIGHTED

USE AND CARE GUIDE

PLANNING ASSEMBLY

Carefully remove all the parts from the box and place them on the ground. Many parts are connected by the lighting string that runs throughout the item. Take special care not to pull, cut or damage the lighting string. Read the entire manual prior to assembly and identify all the parts included in the package against the parts list. It is recommended to assemble parts of the product while laying flat on the ground or table versus standing the item up to assemble the parts. If any parts are missing or damaged do not attempt assembly but contact our customer service center or return to place of purchase with purchase receipt.

Assembly of this product may require more than one person.

Pre-Operation

CAUTION: Grasp the plug to insert or remove from the power source. Do not unplug by pulling on cord.

CAUTION: The lighting string on this product is rated at 19.2 Watts (0.16 Amps). Do not overload. Do not connect to another lighting string, decorative outfit or other electrical products. Before you use or re-use this product inspect it carefully. Discard or return to place of purchase with purchase receipt if the product has cuts, damage, frayed wire insulation on cords, cracks in the socket enclosures, loose connections, exposed copper wire or other obvious damage.

Care and Cleaning

- Carefully remove the product from wherever it is placed. This helps to avoid any undue strain or stress on the product connections, and wires. If the product is placed somewhere other than the ground it should be well secured, flat and stable.
- Carefully disassemble the unit taking caution not to cut any electrical wires.
- Wipe the unit with a damp cloth and allow the unit to dry before storing.
- Store the product neatly in a cool, dry location protected from sunlight.

Troubleshooting

- Ensure that the floor or surface that the item sits on is flat and level
- Be sure to plug the item correctly to a wall outlet or a UL Listed Power Cord
- Ensure all parts are assembled properly per the Instruction Manual
- If the item does not light check for loose or broken bulbs and connections
- Do not plug into other electrical items
- If the item has multiple Light String Cords be sure to plug in all cords
- Check for Broken or Burned Out Fuse In Plug

Guarantee

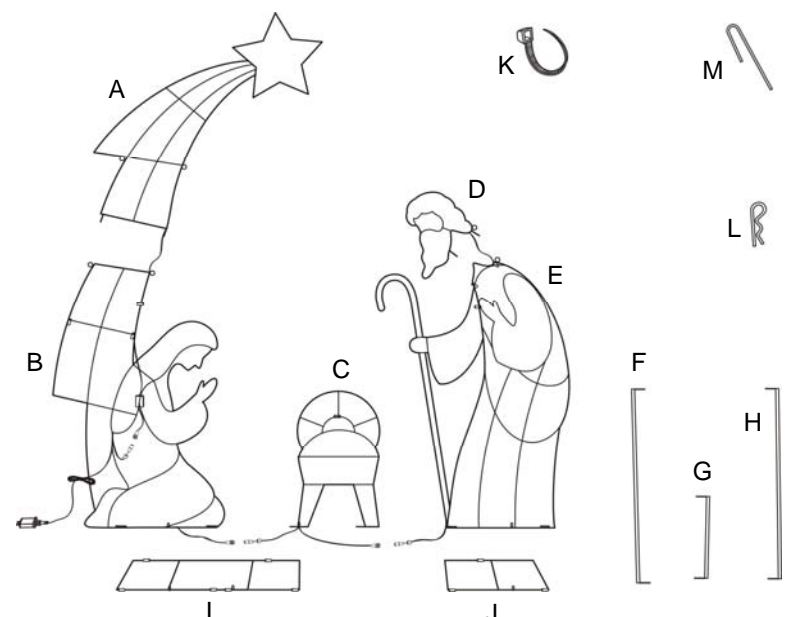

What is Covered

The product is intended for residential seasonal use for 90 days per year. This product is covered by a 90 days limited guarantee due to defects in material and workmanship. Return the product with purchase receipts to the location of purchase for refund within 90 days of purchase.

What is Not Covered

This warranty does not cover commercial use, normal wear and tear, products not used in accordance with directions provided on or with the product, burn out of bulbs or LEDs, batteries, products that have been subjected to unauthorized repair and/or modification and damage caused by shipping and improper handling, alterations, misuse, in store display models or accidents. ASSEMBLY

1 Assembling the Top of Stable to Bottom of Stable & Mary

Place all the parts flat on the ground. Insert the connecting rods on the bottom of the Top of Stable (A) into the matching connecting holes on the Bottom of Stable & Mary (B) and fasten at the connecting loops with Plastic Ties (K).

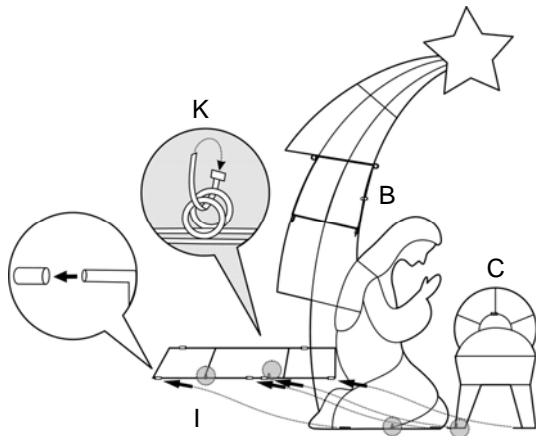

2 Assembling the Head of Joseph to Body

Insert the connecting rods on the bottom of Joseph's Head (D) into the matching connecting holes on the top of Joseph's Body (E) and fasten at the connecting loops with Plastic Ties (K).

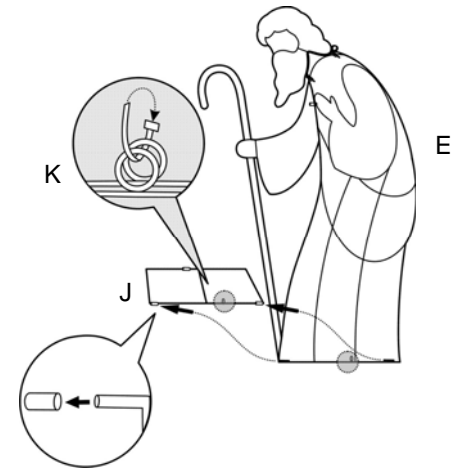

3 Assembling the Right Base Stand to Bottom of Stable & Mary

Insert the connecting rods on the bottom of the Bottom of Stable & Mary (B) and Baby and Baby's Bed (C) into the matching connecting holes on the Right Base Stand (I) then fasten at connecting loops with Plastic Ties (K).

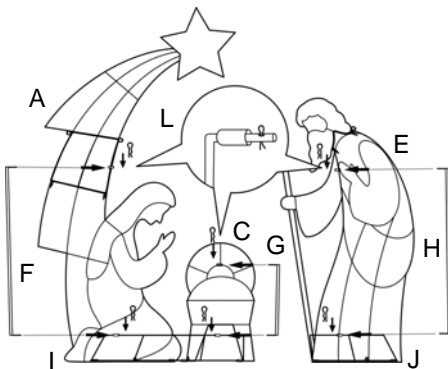

4 Assembling the Left Base Stand to Joseph

Insert the connecting rods on the bottom of Joseph's Body (E) into the matching connecting holes on the Left Base Stand (J) and fasten at connecting loops with Plastic Tie (K).

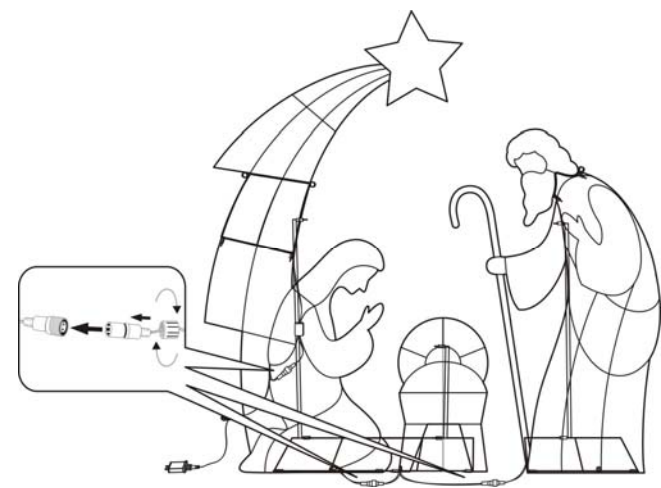

5 Assembling the Support Bars

Insert each hooked end on the Right Support Bar (F) into the matching connecting holes on the back side of the Top of Stable (A) and the Right Base Stand (I) then secure with the Cotter Pins (L). Insert each hooked end of the Middle Support Bar (G) into the matching connecting holes on the back side of Baby & Baby's Bed (C) and the Right Base Stand (I) then secure with the Cotter Pins (L). Insert each hooked end of the Left Support Bar (H) into the matching connecting holes on the back side of Joseph's Body (E) and Left Base Stand (J) then secure with the Cotter Pins (L).

6 Assembling the Power Plug

Connect the power cord plugs together and secure with the built-in cap screw.

7 Securing the Nativity Scene to the Ground and Plug In Electrical Cords from the Parts

Secure the Nativity Scene to the ground with the Ground Stakes (M) by placing the Ground Stakes over the metal frame at the Base Stands. Plug in all end-to-end electrical cords on the Nativity Set.
