ASSEMBLY INSTRUCTIONS 120in 440 Light LED Nativity Scene

USE AND CARE GUIDE

PLANNING ASSEMBLY

Carefully remove all the parts from the box and place them on a flat surface. Please note that many of the parts are connected by the lighting string that runs throughout the item. Remove the parts with care not to damage the lighting string or parts. Read the entire manual prior to assembly and identify all the parts included in the package against the parts list. If any parts are missing or damaged do not attempt assembly. Contact our customer service center or return the item to place of purchase with purchase receipt. Assembly of this product may require more than one person.

Pre-Operation

CAUTION: Grasp the plug to insert or remove from the power source. Do not unplug by pulling on cord.

CAUTION: The lighting string on this product is rated at 44.4 Watts (0.37 Amps). Do not overload. Do not connect to another lighting string, decorative outfit or other electrical products. Before you use or re-use this product, inspect it carefully. Discard or return to place of purchase with purchase receipt if the product has cuts, damage, frayed wire insulation on cords, cracks in the socket enclosures, loose connections or exposed copper wire.

Care and Cleaning

- Carefully remove the product from wherever it is placed. This helps to avoid any undue strain or stress on the product connections and wires. If the product is placed somewhere other than the ground it should be well secured and stable.
- Wipe the unit with a damp cloth and allow the unit to dry before storing.
- Store the product neatly in a cool, dry location protected from sunlight.

Guarantee

What is Covered

The product is intended for residential seasonal use for 90 days per year. This product is covered by a 90 days limited guarantee due to defects in material and workmanship. Return the product with purchase receipts to the location of purchase for refund within 90 days of purchase.

What is Not Covered

This warranty does not cover commercial use, normal wear and tear, products not used in accordance with directions provided on or with the product, burn out of bulbs or LEDs, batteries, products that have been subjected to unauthorized repair and/or modification and damage caused by shipping and improper handling, alterations, misuse or accidents. Questions, problems, missing parts? Before returning to the store, call Home Accents Holiday Customer Service 8 a.m.-6 p.m., EST, Monday-Friday

ASSEMBLY

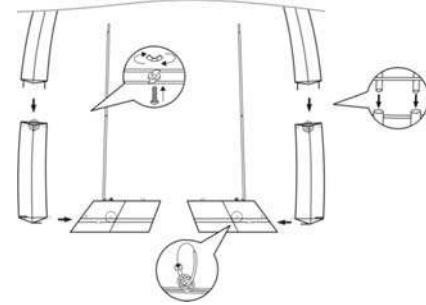

1 Assembling the Support Bars and Base Stands

Stack and lock two segments of Support Bars (D2) together and insert the ends with the "L" shaped connection rod into the Base Stands (D3) and lock with Cotter Pins (T).

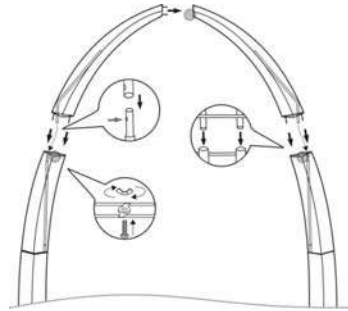

2 Assembling the Left & Right Columns of Stables

There are 2 sets of Columns of Stables. A top and a bottom for each side. Insert the connection rods on the top Left & Right Columns of Stables (C) into the connecting holes on the bottom Left & Right Columns. Fasten them together at the connection loop with Bolt & Wingnuts (U). Insert the rods at the bottom of Left & Right Columns of Stables (C) into the connection holes on the Base Stands (D3) and lock with Cotter Pins (T) and fasten them together at the connection loops with Plastic Ties (X).

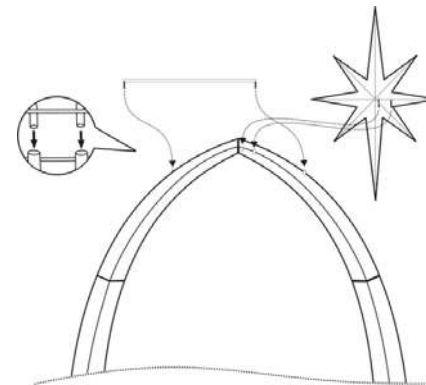

3 Assembling the Top of Stable

Attach each Top of Stable (B) to the top of the Left & Right Columns of Stable (make sure the columns and roof are positioned with the front side out) by inserting the connecting rod on the bottom of each Top of Stable section into the connecting hole on the top of each Stable Column. Line up the connecting loop and use the Bolt & Wingnuts (U) to secure. Align the two sections of the Top of Stable together and insert the connecting rods on one side into the holes on the other side. Use a Plastic Tie (X) to secure the metal frames.

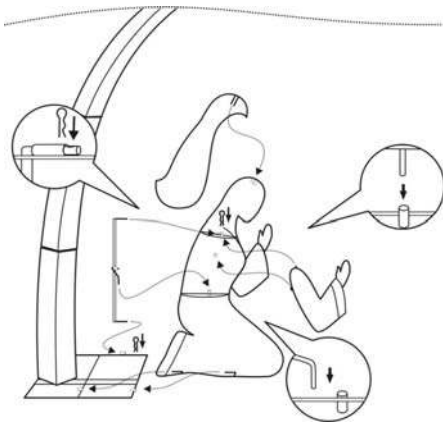

4 Assembling the Top of Stable Stabilizing Bar and Star

Insert the connection rods on the Top of Stable Stabilizing Bar (D1) into the connection holes on the back side of the Top of Stable (B). Insert the rods of Star (A) into the matching holes on the front Top of Stable.

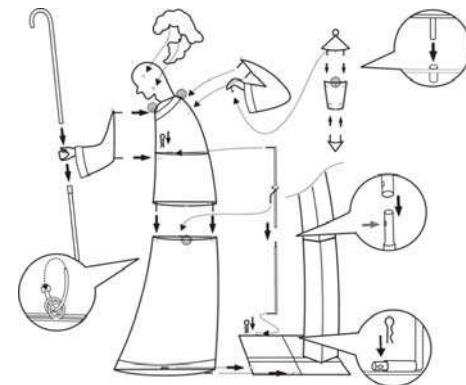

5 Assembling Mary's Head, Hair and Arm to Body

Insert the connecting rods of Support of Mary (D4) into the matching holes on Mary's Head/Body (F) and Left Base Stand (D3) then lock with Cotter Pins (T). Insert the connecting rod in the middle of Support of Mary (D4) into the holes on Mary's Body (F). Insert the connecting rods on Mary's Hair (E) into the holes on the top of Mary's Head. Insert the connecting rods on Mary's Arm (G) into the matching holes of the Body.

6 Assembling Joseph's Head, Hair, Arm to the Body and Oil Lamp and Candy Cane

Insert the connecting rods on Joseph's Head/Body (I) into the matching holes on the top of Joseph's Lower Body (J) and fasten them with Plastic Ties (X). Stack and lock two segments of Support of Joseph (D5) together and insert the rods of Support of Joseph (D5) into the matching holes on the back of Joseph's Head/Body (I) and attach the other end into the matching holes on the Right Base Stand (D3) then lock with Cotter Pins (T). Insert the connecting rods on the bottom of Joseph's Lower Body into the matching holes on the Right Base Stand (D3) then lock with Cotter Pin (T). Insert the connecting rods on Joseph's Hair (H) into the holes on the top of the Head. Insert the connecting rods on Joseph's Arms (L,M) into the matching holes on the Body. Assemble the 2 Halves of Cane (K) and place Cane in the hole of Joseph's right hand. Insert the connecting rods on Oil Lamp's (N) upper and lower part into the matching holes of Oil Lamp's middle part and fasten them together with Plastic Ties (X). Hang the Oil Lamp (N) on the holes of Joseph's left hand.

7 Assembling the Baby and Bed

Insert the connecting rods on the Quilt & Head of Bed (Q,R) into the connecting holes on Body of Bed (S). Insert the connection rods on Baby's Hair (O) into the matching holes on Baby's Head/Body (P). Insert the connection rods of Support of Baby's Bed (D6) into the connection holes of Quilt and Body of Bed (Q,S) and lock with Cotter Pin (T).

8 Securing the Nativity Scene to the Ground

Hook the plastic clip end of each Anchoring String (W) onto the matching loop at the Top of Stable (B) on both sides. Attach the looped end to the Ground Stakes (V) hooked end then tightly secure to the ground evenly out and away from the Nativity Scene. Secure the Nativity with Stable, Mary, Baby and Joseph to the ground with the Ground Stakes (V).
