

# Product Manual: Laptop Stand USB-C Docking Station

## 1. Introduction

This all-in-one USB-C docking station combines a laptop stand with multi-port expansion, supporting 4K display, 100W PD charging, high-speed data transfer, and wired network. It improves heat dissipation while expanding your laptop's connectivity.

## 2. Technical Specifications

Item	Specification
Ports	1×PD 100W USB-C, 1×HDMI 4K@30Hz, 1×USB-C, 3×USB3.0, 1×SD/TF Card Reader, 1×3.5mm Audio, 1×100Mbps Ethernet
HDMI Output	4K@30Hz
PD Charging	Input 100W, Output up to 87W
USB3.0 Speed	Up to 5Gbps
Ethernet	100Mbps Gigabit NIC
Card Reader	SD/TF dual-card support
Audio	3.5mm audio jack
Stand Function	Laptop stand design for improved heat dissipation
Dimensions	280 × 63 × 32mm

## 3. Key Features

- **Laptop Stand Design:** Elevates the laptop for better airflow and heat dissipation.
- **4K HDMI Output:** Connect to monitors, TVs, or projectors for 4K video playback.

- **100W PD Fast Charging:** Supports pass-through charging with up to 87W power delivery to your laptop.
- **Multi-Port Expansion:** 3×USB3.0 ports for peripherals, plus SD/TF card readers for media transfer.
- **Stable Wired Network:** 100Mbps Ethernet port for reliable internet connection.
- **3.5mm Audio Jack:** Connect headphones or speakers for audio output.
- **Plug-and-Play:** No drivers required, compatible with USB-C laptops.
