SAFETY INFORMATION

- Follow workshop health & safety rules, regulations and conditions when using the worklight.
- When not in use, worklight should be stored in a dry location to inhibit rust.
- During their period of use, accessories must be checked for wear, cracks and other damage, replace any damaged or worn parts.
- Use genuine parts only. Unauthorized parts may be dangerous and will void the warranty.
- Keep the worklight clean and in good working order for best and safest performance.
- DO NOT use the lamp in the immediate vicinity of inflammable materials or gases.
- DO NOT point the light directly in your own or any other person's or animal's eyes.
- DO NOT drop, throw or abuse the worklight.
- **Eyes protection:** Wear a protective mask or protective eyewear.
- Check that the product has not suffered any damage during transport or storage. Clean and remove any dust or residual packing material.
- Read the instructions carefully before using worklight and keep them for further reference.

WARNING!

- DO NOT immerse the worklight in water.
- DO NOT place the worklight near a fire or any other source of intense heat.
- DO NOT attempt to open, disassemble, modify or service the worklight.
- DO NOT expose the worklight to temperatures above 40°C (104° F).
- DO NOT use the worklight if you suspect that the batteries or the casing is damaged
