

Let's get started.

## Quick Start

1. Set up and install your Ring Bridge.
2. Open the Ring app.  
Then, tap Set Up a Device and follow the in-app instructions.
3. Scan this code.  
This identifies your Ring Mailbox Sensor for fast and easy setup.

## IMPORTANT PRODUCT INFORMATION

### Safety and Compliance Information

Use Responsibly. Read all instructions and safety information before use.

---

### SAFETY INFORMATION

FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.

### BATTERY SAFETY

This product contains alkaline batteries. This device requires batteries for use. Only use new 1.5V alkaline or 1.2 NiMH rechargeable AAA-sized batteries. Never mix old and new batteries. Keep all of the batteries out of the reach of children. Do not open, disassemble, puncture, cut, bend, shred or heat the batteries and do not allow metal objects to touch the battery terminals on the remote as they can become hot and cause burns. Remove all batteries if they are worn out or before storing your Device for an extended period of time. Dispose of all batteries in accordance with applicable laws and regulations and do not dispose of batteries by throwing them into a fire. If any batteries begin to leak, take steps to prevent the fluid from coming into direct contact with skin or clothes as the fluid could be corrosive and may be toxic. Remove the batteries and clean the battery compartment in accordance with the battery manufacturer's recommendations.

### PRODUCT SPECIFICATIONS

Model Number: Ring Mailbox Sensor

Electrical Rating: 3 x AAA-cell batteries

Temperature Rating: -4°F to 122°F (-20°C to 50°C)

### RECYCLING YOUR DEVICE PROPERLY

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of, or recycle, your device in accordance with your local laws and regulations.

FCC Compliance: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The party responsible for FCC compliance is: Ring LLC, 1523 26th St, Santa Monica, CA USA, 90404

By purchasing or using the product, you agree to the Terms of Service found at [ring.com/terms](https://ring.com/terms).

For information on our warranty, theft protection, and Ring Protect Plans, see [ring.com/legal](https://ring.com/legal).

## IMPORTANT PRODUCT INFORMATION

### FOR UNITES STATES CUSTOMERS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Information on this device is on file with the FCC and can be found by inputting the device's FCC ID into the FCC ID Search form available at <https://www.fcc.gov/oet/ea/fccid>.

The output power of the radio technology used in the Products is below the radio frequency exposure limits set by the FCC. Nevertheless, it is advised to use the product in such a manner that minimizes the potential for human contact during normal operation. This device should be installed and operated with at least 20 cm between the radiator and your body.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

For information about recycling your device, go to [www.amazon.com/devicesupport](http://www.amazon.com/devicesupport)

### FOR CANADIAN CUSTOMERS

#### Innovation, Science and Economic Development Canada (ISED)

##### Compliance.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

##### Information Regarding Exposure to Radio Frequency Energy

This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

### POUR LES CLIENTS CANADIENS

#### Conformité Innovation Sciences et Développement Économique Canada (ISDE)

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage.
- (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

##### Renseignements relatifs à l'exposition à l'énergie des radiofréquences

Cet équipement est conforme aux limites d'exposition IC CNR-102 prévues pour des environnements non contrôlés.

Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.
