This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

# IMPORTANT SAFEGUARDS

**WARNING:** Read and understand this entire manual before operating or servicing this product. Failure to follow these warnings and instructions can cause personal injury or damage to valuable property.

- Avoid children using the product alone and this product is not a toy. Do not allow children to play with it. Keep away from sharp points, blades and other items.
- Keep away from open flame. This product will ignite and burn if brought into contact with an open flame.
- **Installation precautions.**
  1. Installation only according to these instructions. Improper assembly can create hazards.
  2. Keep installation area clean and well-lit.
  3. Keep bystanders out of the area during assembly.
  4. Do not install when tired or when under the influence of alcohol, drugs or medication.
  5. Product capabilities apply to properly and completely installed products only.
  6. For additional information regarding the parts listed in the following pages, please refer to the Assembly Diagram of this manual. Unwrap and separate all parts in a clean work area. Please keep small spare parts out of children's reach.

## **Warning!**

- DO NOT use this toilet on inclined or uneven ground.
- DO NOT use this toilet if it is damaged or malfunctions. Repair or replace worn or broken parts before further use.
- ALWAYS use the seat when sitting on this toilet. Sitting off-center or directly on the edge of the flush tank may cause damage or personal injury.
- DO NOT stand on this toilet at any time.
- DO NOT lean on the backrest of this toilet.

# SAVE THESE INSTRUCTIONS

## STRUCTURAL

No.	Name	
1	Toilet Lid	
2	Toilet Seat	
3	Water Fill Cap	
4	Flush Tank	
5	Toilet Pump	
6	Pull Rod	
7	Slide Valve	
8	Exhaust Valve	
9	Level Indicator	
10	Waste Tank	
11	Detachable Latch	

## TIPS

**Water tank display when the water is full, it will turn red**

**Press to release air easy to operate**

## ASSEMBLY

1. Place the waste tank on a firm and level surface.
2. Mount the main body onto the waste tank's slide valve.

Secure the main body by fitting its latches into the corresponding slots of the waste tank.

## OPERATION

1. Remove the water storage cap and fill it with clean water. DO NOT exceed the "Max. Water Level" line. Replace the cap, screwing it into place.
2. Open the slide valve by pulling the rod at the back of the waste tank.
3. Use the toilet in standard fashion.
4. Rinse the bowl. For models equipped with a flush button, press it as many times as needed. For models equipped with a flush handle, pull it up to flush the bowl and push it down completely to stop flushing. Close the slide valve by pushing its rod back in.

**Pour water into the water tank**

**Open the handle when using the toilet**

**Pull the lever to draw water**

**Press the pump to flush water**

## **MAINTENANCE**

### Emptying the Waste Tank

The waste tank should be emptied when waste accumulates to about 2 cm (0.8 in.) below the slide valve.

1. Close the slide valve completely by pushing its rod in.
2. Remove the latches and remove the main body.
3. Carry the waste tank to a permanent toilet or other location designated as a safe disposal site for human waste. Unscrew its outlet cap and pour out accumulated waste into the facility.
4. Rinse the waste tank with clean water. Pour out this water into the same disposal facility as in Step 3.
5. Replace the outlet cap of the waste tank, screwing it into place.
6. Reassemble the toilet as before.

## **CLEANING**

The exterior of this toilet should be cleaned periodically. Do not use abrasive cleaners or caustic chemicals.

- Clean the external surfaces of this toilet with water and any mild detergent. Rinse clean.
- To clean the toilet bowl, first make sure it is well attached so nothing will leak. Open the slide valve and clean all surfaces with any toilet cleaner and a toilet brush. Spray it clean or rinse.

- it using the flush button/handle. After rinsing is done, empty the waste tank as described above.
- Check the parts of this toilet for any signs of looseness, wear, or damage between uses.

## CHECK AND STORAGE

Tighten, repair, or replace any problematic parts before further use.

- To store this toilet, empty both the waste tank and the water storage completely. Clean all.
- tanks and surfaces as described above. Store in a well-ventilated place away from direct sunlight and rain.

## APPLICATION

Your best choice for Marine, RV, Camping, Board Room, Medical Care, Pregnant women, Children and The Elderly.
